

Tuberculosis awareness and counseling – at Taverekare, Adugodi & Cox-Town Govt DOTS centers, Bangalore

NSS Team organized camp in various TB- DOTS centers in Bangalore region in the month of November and December 2016.

The patients with pulmonary Tuberculosis were counseled on the importance of adhering to medications, without missing even single dose during the treatment period. Qualities of life of patients were measured, and patients were also counseled on their life style modifications required. Around 85 patients benefited from this programme.

The camps were conducted at Taverekare, Adugodi and COX Town DOTS Government dispensaries/Centers on 23rd November, 25th November and 2nd December respectively.
