SOFT SKILL TRAINING PROGRAM REPORT TOPIC: RESUME WRITING

Attendees: 8th Sem BPharm and 5th PharmD

DATE: 28th September 2021, Tuesday

Time: 9:30 AM-1:30 PM

The CPPA conducted a session on the art of resume writing. The session was conducted with the aim of giving students some insight regarding their internship and job applications and also writing a Statement of Purpose (SOP) when applying for Higher Studies. The session was conducted by Prof. Prakash V Mallya.

This began with introductory remarks about what resume writing actually entailed. Further, students were asked as to what they deemed as necessary details for a good resume. It was highlighted how the structure is crucial to a good resume. If information is structured well, it is easier to gauge the potential of the candidate concerned. Common errors were discussed, as to how students either put in too much information or too little of it. Mrs. Litha asserted that putting miscellaneous details in a resume. The workshop went on to examine the difference between traditional resumes and Digital ones and how design is crucial to making them look appealing. It allows one to highlight important information, and in more ways than one, it projects the aptitude of the candidate.
